

Count objects  
in different  
orders

The number  
of objects stays  
the same even  
when moved

The size of  
objects doesn't  
effect the  
number

Count along a  
track

Count  
movements or  
sounds

Keep track of  
the count when  
you can't see  
things

Count each  
one once

The last number in  
the count is the  
number in the set
