Intent (What do we want to do?)	Implementation (How will we do it?)	Funding (planned and actual spend)	Intended Impact (anticipated/actual effect on pupils including measures/evidence)	Progress comment
Develop the subject knowledge and confidence of teachers	James Holmes to create a staff questionnaire to identify staff members' perceived strengths and areas for development within PE. From this questionnaire James to organise support through Move more membership (External coaches) and in school training in staff meetings.	£2200 - 12 hours of CPD included in the core membership.	Staff subject knowledge will increase leading to high quality PE lessons for all children Children's fundamental movement skills (agility, balance and coordination) will develop. Teachers in KS2 will see an increase in physical literacy in the children from KS1. This will mean that children will all have the basic movement skills which they can then apply in sport specific situations.	

Broad experience of a range of sports and activities for children throughout their time in school	At least three clubs per term dedicated to specific sports. These clubs offered will correspond with competitive sporting events. One club per term led by external coach.	£9000 - MoveMore + Health membership.	Children will have a broader range of sporting experience due to the afterschool clubs on offer and the specialist coaching.	
Encourage and participate in competitive events	St Thomas More will sign up to the Move More membership. The charity organise sporting events against schools in Cheltenham. - list the events you intend on attending in the year.	£2200 - MoveMore membership £500 - Transport costs	Children will become more confident and competent athletes where they can share success and failure. Understanding how to cope with both.	
Increase the engagement of all pupils in regular physical activity.	St Thomas More will provide bicycle and scooter pods in both the KS1 and KS2 playgrounds. Health activator will engage with children both during lesson time and break times to increase both awareness for the benefits of physical activity and physical activity itself.	(estimate - £3000) Bike and scooter pods and shelters for KS1 and KS2 playgrounds. £9000 - MoveMore Health Membership	Will increase the amount of children travelling actively to and from school, increasing the amount of physical activity time per child. Increase in the amount of physical activity children do both in school and at home. Increase the awareness of the benefits of physical activity. Increased healthier habits and lifestyle.	
Purchase resources to meet the needs of the curriculum to support the teaching of high quality PE lessons.	James to look at new curriculum for the year and ensure that there is the correct equipment.	£500 - allocated to update and replace PE equipment in line with new curriculum.	Teachers will have the correct resources to ensure delivery of good PE lessons.	
Ensure lessons are never less than good.	CPD opportunities for teachers 12 hours of specific coaching, split across two areas informed through teaching questionnaire. James to conduct learning walks	£2200 - MoveMore Core membership Cover for time out of class once per term - £400	Every child will participate in high quality PE lessons from EYFS - Y6. There should be differentiation and clear progression of skills through lessons and from EYFS - Y6. Children should understand the importance and impact physical activity has on their body.	
To promote healthy and active lifestyles.	Through a broad range of physical fundamentals being delivered during curriculum time and sports during extracurricular time. Health Activator - The health activator will promote healthy		Children will take part in an increased amount of extracurricular clubs both after school and during lunchtimes. Children will seek extra clubs outside of school time to pursue sporting ambitions.	

	and active lifestyles through a number actions. - Setting up a school health council - Running specific class based interventions - Individual interventions including fundamental movements (Fizzy) and Growth mind-set. - Activate Break times Family engagement officer - To work with specific groups to target a sustained change in their lifestyles. Interventions including: - Active Nurture - Great Grub Club - Specific work with target families	£9000 - MoveMore Health membership	To raise awareness of healthier habits, behaviours and lifestyles and make changes in children's and their family's habits and lifestyles. This may be for children who are obese, or at risk of becoming so through poor diet or sedentary lifestyles. It may also include children whose lifestyle is negatively affecting their learning behaviours and who may benefit from some simple, additional support to improve behaviour, resilience and social skills.	
To encourage greater participation in physical activities at break and lunch times.	Positive Playtimes training delivered by Chris Powell to lunchtime supervisors, TAs and pupils. Active play equipment to encourage skills learnt through PE lessons being replicated during break and lunch times. .	(Free) £500	Improved engagement within playtimes children will gain a wellbeing boost through play, targeted boosts, children aware of importance boost mental wellbeing
