

Meet your new teacher...

About Year 1

This year, we are going to be learning lots of new and exciting things. In History, we will be learning about explorers like Robert F Scott and his adventures across antarctica. In Geography, we will be learning about the local area and its physical and human features. In Science, we will be looking at different materials, animals and parts of the human body. These are just a few things we will learn!

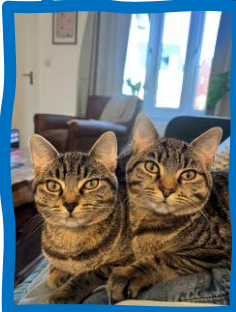

A bit about me...

I have been teaching at St Thomas More for 2 years. I was born in Cheltenham but moved to Tewkesbury very recently. I enjoy going to the gym, building Lego and playing with my two cats! I love going for walks and exploring new places! My favourite thing is spending time with family.

A fun fact about me...

I have two cats called Duck and Goose; they are both wild and love to zoom around the garden.

Hi, I am Mr Banks!

Favourites:

Food: Pasta

Music: Country

Movie: Cars

Book: The Wild Robot

Game: Uno

Sport: Football

Animal: Sloth

Colour: Green

Subject: PE

Hobby: Baking/cooking
and building Lego
